

*In response to a request by more than 40 pastors
and ministry leaders throughout Arizona...*

**Arizona Governor Jan Brewer
has issued an historic proclamation:**

Sunday, January 17, 2010

**Day of Prayer for Arizona's Economy
and State Budget**

May churches throughout Arizona rise up and pray!

- ❖ We repent, O God, we have not always put You first. We have served other things and put our trust in ourselves—our careers and finances—rather than You, but we now appeal to the God who enriches us and agree with our state motto, *Ditat Deus*, which means “God Enriches!”
- ❖ O God, bless our governor and legislators and give them wisdom and guidance to resolve the budget crisis. May the people of Arizona and her government leaders humble themselves, recognizing that the problems are too big, we are too small, and You alone can heal Arizona's economy.
- ❖ We proclaim Almighty God as Lord over the land and people of Arizona—may Your presence come bringing justice, righteousness, mercy, restoration and revival. We give You thanks, honor and all the glory!

Governor Brewer has joined President George Washington, Abraham Lincoln and other governors and Congresses in history by issuing this proclamation for a Day of Prayer...

May the churches of Arizona answer the call this day!
